### School Description and Mission Statement

#### **Our Mission Statement**

"The educational community will assist all students in maximizing their academic achievement and personal responsibility."

#### **Our Vision Statement**

Little Lake Elementary will aspire to the highest level of excellence in teaching, learning and positive behavior. We believe that school staff, parents and the community will work as a collaborative partnership to benefit all students in their academic success. We are dedicated to providing a nurturing, challenging and creative learning environment that celebrates diversity with compassion and acceptance.

#### **School Profile**

Little Lake Elementary was established in 1899 and is currently in its 108th school year. We are proud of our heritage and our long standing tradition of a commitment to excellence. This is appropriately reflected in our Mission Statement: "Little Lake Elementary is to assist all students in maximizing their academic achievement and personal responsibility." We are committed to a child centered learning environment with the highest level of excellence in teaching, learning, and positive behavior. We believe that school staff, parents and the community will work as a collaborative partnership to benefit all students in their academic success. We are dedicated to providing a nurturing, challenging and creative learning environment that celebrates diversity with compassion and acceptance.

Currently, Little Lake has 46 classrooms. Thirty-four classrooms are general education classes in grades K thru 5 and two classrooms are SDC classes. Six of the classes are Severely Handicapped elementary and preschool programs which draw their attendance from both inside and outside our district boundaries. We have embraced these programs and welcomed them to our Little Lake family.

To effectively maintain our high teacher expectations as well as continually strive to exceed them, change is inevitable and our staff is learning that collaboration is essential. We are a PLC (Professional Learning Community). We have revised our Mission and Vision Statements (as displayed above in bold print) so we are able to refocus our efforts in an organized manner that will benefit all students.

Little Lake's teaching and support staff has grown to 100 members with more than 850 years of successful teaching experience. To maintain a Tradition of Excellence, our Little Lake staff continues to hone skills through collaboration, staff development and the utilization of assessment. This dedication drives our instruction.

We exist to educate, elevate and encourage our students. Our practices in the classroom, implemented student programs, and after school involvement create a child centered learning environment. Our parents, staff, and community work collaboratively for the benefit of all students. Children come first at Little Lake Elementary.

### **Opportunities for Parental Involvement**

Parent involvement opportunities are available to all parents at our school. These offerings are available in both English and Spanish. These opportunities include, Parent Project®, P.R.I.C.E. Parenting®, Parent Institute for Quality Education®, District English Learner Advisory Committee, District Advisory Committee, and a district-wide PTA/ELAC community event, named, "Hemet Posada."

Little Lake Elementary School addresses all areas of parent involvement through their Single Plan For Student Achievement. For more information, contact the site Principal, Dr. Marco Baeza at (951) 765- 1660.

## District Profile

Hemet Unified School District covers one of the largest geographic areas of any district in California. It covers over 700 square miles of very diverse topography; from valley flatlands, to foothills, to mountains. It serves a growing community with a current enrollment of over 22,000 students. Preschool centers at seven school locations, eleven elementary schools (K-5), three elementary/middle schools (K-8), four middle schools (6-8), four comprehensive high schools (9-12), one continuation high school (11-12), a vocational education focused charter school, a science-based charter Middle School, an Adult Education Center, Independent Study Programs, a Home School Program, and a self-paced on-line instruction program offer a wide variety of learning opportunities for students of all ages.

Educational programs are designed to be flexible enough to provide a positive educational environment for all students, yet structured enough to ensure attainment of the California Content Standards and passing the California High School Exit Exam. With the support of the community, school staffs have developed highly successful programs in music, agriculture, and athletics.

## Hemet Unified School District's Core Values

1. It is the District's responsibility to provide a structure and framework in which students and staff can succeed.
2. All students can develop their intellect and improve their academic achievement level in each subject each year.
3. It is the District's responsibility to recruit, train and retain the very best staff to work in the Hemet Unified School District.
4. Good first teaching is the most powerful tool for improving student achievement.
5. It is the District's responsibility to provide alternative education opportunities that create pathways to success for students who do not do well in a traditional setting.
6. The maintenance and development of students' nutritional and physical well being supports and enhances intellectual development and academic achievement.
7. Participation in activities such as academic competitions, music, drama, sports, clubs and other "non-academic" endeavors develops the human spirit and provides balance between the intellectual, physical and emotional/social development of our students.
8. The quality of interaction with our community, the quality of our published works and the state of our facilities all reflect what we think of ourselves as a district.
9. It is the District's responsibility to respond positively to the changing needs of our community and students.
10. It is the District's responsibility to ensure that the allocation of fiscal resources supports the Core Values of the District.

## About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

## School Climate

### School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

#### SB187 Safety Plan

Date the plan was last updated: September, 2010

Date the plan was last reviewed by the staff: October, 2010

## School Facilities

### School Facility Conditions and Planned Improvements

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

**Year and month in which data were collected:** 7/18/11

The school, built in the early 1900's on 10.87 acres, currently has 22 permanent rooms and 22 relocatable classrooms. There are also administrative offices, a library, multi-purpose room, computer lab, and a disaster shed containing disaster supplies.

The Comprehensive Safe School Plan includes data regarding school crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school.

The campus is completely enclosed with fencing to ensure the safety of the school's patrons and staff, as well as reduce vandalism and other illegal activities during the times school is not in session. Upon their arrival at school and throughout the school day, Little Lake students are well supervised by teachers, supervision aides, an assistant principal, and the principal. Every classroom has adequate space and all students have access to core curriculum materials.

All visitors and volunteers are required to sign in at the office, state their business at the school, and show identification. They are provided with a visitor tag to wear while on school grounds. They must return to sign out at the office at the end of their visit.

A clean, safe, and secure teaching and learning environment is the highest priority to Little Lake administration and staff.

There is a functioning Safety Committee that continually monitors the school's safety plan and preparedness. Fire drills are conducted monthly and a disaster preparedness plan exists for emergencies. Staff is trained in emergency procedures, including evacuation routes and safety checks.

Suspensions and Expulsions

### Instructional Planning and Scheduling

#### Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, was student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)?

The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs. During the last three years (2008-2011), 206 days of professional training has been provided through the Hemet Unified School District/Professional Development Academy. The training provided at the Academy allows teachers, administrators and paraprofessionals become highly skilled at providing quality leadership, instruction and support to the district's students. The focus of professional development is on the delivery of a standards-based instructional program. Achievement data is used to determine site support and priorities for professional development opportunities. Priorities are identified in the current LEA Plan under Specific Trainings in Language Arts and Mathematics, English Now, BTSA Induction Support for year one and two teachers and specific Special Education trainings.

Additional coaching assistance is provided for veteran teachers who need individualized structure and support. Seven Strategy Focused Instructional Coaches provide ongoing support in trainings and in day to day professional development needs in the areas of language arts, mathematics, English Language Development and Technology. The District Technology Plan revised in 2011 also identifies areas for staff to increase and refine skills in technology application and instruction. Administrators are provided specific professional development to implement and support new and on-going instructional programs. Professional development is delivered through trainings on-site, at the District Professional Development Academy, conferences, Professional Learning Community site cohorts and through trainer of trainer's models. As new programs and instructional strategies are implemented instructional coaches assigned to specific sites offer support and additional training. Site administrators receive continuing support at district leadership meetings from instructional coaches, district support staff and consultants.

Little Lake Teachers are constantly involved in activities to enhance their teaching skills. Throughout the summer months, teachers are attending courses at various universities and workshops to keep abreast of technology, new philosophies and teaching methodologies. During the school year the school's staff continues to pursue further training at special workshops throughout California, in neighboring school districts, locally and in university classes. In-service training has been held on the Little Lake campus and the district office to assist our primary teachers and instructional aides in intervention programs, writing programs, technology, and various methods of improving student performance. The school district also provides consultant training for maintenance and custodial personnel as well as training for specialty positions and other training programs as requested. The school administrator receives regular training in such areas as evaluation, change process, interpersonal skills, curriculum standards, technology and instructional practices.

#### Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: <http://www.cde.ca.gov/nclb/sr/tq/>

Location of Classes	Percent of Classes In Core Academic Subjects Taught by	
	NCLB Compliant Teachers	Non-NCLB Compliant Teachers
<b>This School</b>	94.12	5.88
<b>District</b>		
<b>All Schools</b>	90.29	9.71
<b>High-Poverty Schools</b>	90.36	9.64
<b>Low-Poverty Schools</b>	81.25	18.75

\* High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

## Data and Access

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Curriculum and Instructional Materials

### Quality, Currency, Availability of Textbooks and Instructional Materials

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instructional materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

**Year and month in which data were collected:** October, 2011

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 10/4/2011 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

## Types of Services Funded

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

The SAFE after school program services students in grades one through eight from the time the dismissal bell rings until 6:00 PM. There are approximately 50 students enrolled in the program. The program is financed through State funds (Prop-49). The SAFE program also funds after school interventions targeting students who are scoring below proficiency on grade level standards.

## Other Programs

To help ensure a quality education for all students, state and federal funding is provided for the following special programs to supplement the core instructional program provided by the school district:

- MAA -- \$5,095
- Site Lottery -- \$17,571
- Title I -- \$17,030
- Title I, AARA -- \$2,127
- ELL -- \$429
- EIA -- \$23,384
- EIA/LEP -- \$3,776
- ASES-After School Program -- \$86,066

## Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

**California Physical Fitness Test Results**

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six	Five of Six	Six of Six
5	21.3	20.5	33.6

\* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**Accountability**

**Academic Performance Index**

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at <http://www.cde.ca.gov/ta/ac/ap/>.

**Academic Performance Index Ranks - Three-Year Comparison**

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	7	7	6
Similar Schools	9	9	8

### API Growth by Student Group - 2011 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2011 Growth API at the school, LEA, and state level.

Group	2011 Growth API					
	School		LEA		State	
	# of Students	Growth API	# of Students	Growth API	# of Students	Growth API
All Students at the School	476	833	15,734	755	4,683,676	778
Black or African American	19	732	1,078	689	317,856	696
American Indian or Alaska Native	18	793	223	752	33,774	733

Students with Disabilities	91	752	2,189	612	521,815	595

### API Growth by Student Group - Three-Year Comparison

Group	Actual API Change		
	2008-09	2009-10	2010-11
All Students at the School	10	9	9
Black or African American			
American Indian or Alaska Native			
Asian

Hispanic or Latino	10	10	17
Native Hawaiian/Pacific Islander			
White	15	8	12
Two or More Races	N/D		
Socioeconomically Disadvantaged	10	21	9
English Learners			
Students with Disabilities	58	-8	7

\* "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

### Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) webpage at <http://www.cde.ca.gov/ta/ac/ay/>.

### Adequate Yearly Progress Overall and by Criteria

AYP Criteria	School	District
Made AYP Overall	Yes	No
Met Participation Rate: English-Language Arts	Yes	Yes
Met Participation Rate: Mathematics	Yes	Yes
Met Percent Proficient: English-Language Arts	Yes	No
Met Percent Proficient: Mathematics	Yes	No
Met API Criteria	Yes	Yes
Met Graduation Rate (if applicable)	N/A	No

### Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: [www.cde.ca.gov/ta/ac/ay/tidetermine.asp](http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp).

Indicator	School	District
Program Improvement Status	Not in PI	In PI
First Year of Program Improvement		2004-2005
Year in Program Improvement		Year 3
Number of Schools Currently in Program Improvement		18
Percent of Schools Currently in Program Improvement		66.7
