FOR IMMEDIATE RELEASE

SUBJECT: Citizens' Oversight Committee Issues Electronic Report

Hemet, CA – October 20, 2009 – Hemet Unified School District, in order to save money, is issuing the Citizens' Oversight Committee for the Measure "T" School Facilities General Obligation Bond Report on the District's website instead of inserting it in the newspaper.

Although publishing it in the newspaper has been very effective and prudent, the District can save \$5,000 by posting it on the website.

The Citizens' Oversight Committee issues between two to three reports each year providing project status reports, financial reports and important information to the public. The Citizens' Oversight Committee Report can be found at www.HemetUSD.k12.ca.us under "Features".
